

positive REACTION

VARIABLE™ BALANS®

Design: Peter Opsvik

Balans® concept: Hans Chr. Mengshoel

Our philosophy:

Variér® chairs are the product of a human idea. We make the human body central to design, learning it by heart. We know which positions promote relaxation, and where and how to support the body. The human body is designed for motion, and should never be still for too long. We make chairs that meet all these needs, and then we free our human imaginations to create bold, unconventional forms with perfect functionality.

The Variable balans® both encourages your body to move and reacts to every one of its movements. Body and chair, action and reaction, in a cycle of continuous motion that energizes and enlivens your body and mind.

The Variable balans® is the perfect instrument for the work at a desk – for children and adults. Runners and kneepads promote an open and dynamic sitting position that keeps your spine in its natural curvature and improves breathing. The chair gives your body the freedom to find its own equilibrium which keeps your back and abdominal muscles working. While tension in back and shoulders is prevented, this 'active sitting' improves circulation and oxygen levels; thus concentration and creativity during your work.

VARIÉR®
A HUMAN IDEA

VARIABLE™ BALANS®

At desk: The upright kneeling position frees the body to adopt its natural curvature; breathing is enhanced and pressure on the spine is minimized.

Reaching: If you stretch out to reach something, and place your feet on the floor, you still retain minimal strain on your spine.

Relaxation: The Variable balans® also comes with a slim backrest, which provides complete support when you lean back.

ADDITIONAL ACCESSORIES

Backrest: The optional backrest provides the dynamic variation ideal for a long day of work and relaxation.

Distance blocks: Optional distance blocks reduce the distance between the seat and the leg cushions by 2,5 cm. Ideal for children and people with shorter legs.

Soft tapes: To protect delicate floors, available in natural and black.

TEXTILES AND SURFACES

Every chair from Variér® is available in a variety of textiles and surfaces. We offer semi-aniline leather and fabrics of high wear resistance and classic appearance supplied by acclaimed European specialists in more than 200 colours.

AVAILABLE IN BEECH WOODS:

	NATURAL LACQUERED		MOCCA STAINED
	BLACK LACQUERED		WHITE LACQUERED
